- Bringing this need to the attention of the school
- Ensuring that the information is updated if it changes
- Supplying the medication and any 'consumables' necessary for its administration in a timely way. The medication should be well within its expiry date.
- Collaborating with the school in working out arrangements for the supply and administration of the prescribed medication for the duration of the excursion. For some excursions the school will ask you to supply the medication in a different way to what has been already agreed to by the school. You may be asked to supply an additional adrenaline autoinjector (i.e. EpiPen® /Anapen®) for example.
